JOSIAH TURNER, Jr., EDITOR.

ANCIENT PLOUGHS.

The plough we read of in Scripture was very simple, being mainly a bent branch of a tree, one end of which was armed with an iron point by way of a share, while the other formed the pole or beam, and was fastened to the middle of the yoke. It was guided by a handle, which was usually a smaller branch, that grew from the principal one.

A plough much like it is used in Asia Minor to the present day, and is a curious relic of the most ancient times of history; for we find on the early Egyptian monuments, figures in which the plough is made after this simple manner.

Of course, such a plough can but scratch the ground. But on account of the warmth of the climate, and fertility of the land, it was needless to plough as deeply as in our own country, where the object often is to turn up the earth to the greatest possible depth.

One yoke of oxen was generally enough to draw a plough; but sometimes a greater number were required. We read, for example, of Elisha, who when he received his call from Elijah, "was ploughing with twelve yoke of oxen before him, and he with the twelfth." It is probable that the land was heavy; and that, therefore, the plough could not be properly worked without many oxen.

The instrument with which the cattle were driven was not a whip, but a goad. This was a long and stout stick, armed with a spike at one end, and having a kind of spud at the other, with which the earth could be scraped off the ploughshare when it became clogged.

Such a goad might readily be used as a weapon; and, in the hands of a powerful man, might be made even more formidable than a spear. As a weapon, it often was used, as we see from many passages of the Scriptures. For example it is said in Judges iii. 31, that „Shamgar the son of Anath," killed "six hundred Philistines with an ox goad."

Afterwards, in the beginning of Saul's reign, when the Israelites began to fight against the Philistines, it was found that only Saul and Jonathan were even tolerably armed. Fearful of the numbers and spirit of the Israelites, the Philistines had disarmed them; and were so cautious that they did not even allow them to have forges wherewith to make or sharpen the various tools they used, lest they should secretly provide themselves with weapons.

The only smith's tools which they were allowed to retain was a file, with which each man might smooth the edge of the ploughshares, mattocks, and axes and sharpen the points of the goad. The only weapons which they could muster were made of their agricultural implements, and among the most formidable of them was the goad.

How the goad came into use in Palestine may easily be seen. The Egyptians, from among whom the people of Israel passed into the Promised Land, did not use the goad in ploughing, but the whip, which was the same as the hoorbash, or cowhide-whip, which is now in use in the same country. But this terrible whip, which is capable when used by a skilful hand, of cutting deep grooves though the touch hide of the ox, could not be obtained by the Jews; because the animal,—the *hippopotamus*, or river horse,—of whose hide it was made did not live in or near Palestine. They, therefore were forced to use some other instrument wherewith to urge on the oxen, and the goad was clearly the simplest thing they could use for this purpose.

MATRIMONIAL.

Few people, in estimating the happiness of a married couple, make due allowance for human imperfection. No two human beings can be brought into the intimate relationship of husband and wife without the occasional development of something discordant. Only perfect, absolutely sinless persons, could live absolutely perfect lives together; and such men and women can never be found in this world; and so in another world there will be no marrying, absolutely perfect marriages can never be realized, either in this world or that which is to come. But, are not the vast majority of married persons quite as happy as an equal number of unmarried ones? Nay, more, are not the great majority of married people as happy in their married state as they would be unmarried? And still more, are they not as happy with each other as they would be with anybody else? By a change of partners they might get rid of some one or more causes of disturbances between them—some constitutional defects, infirmities, or some disagreeable, cherished habits; but they would find in other parties other causes of disturbance quite as serious, though of an entirely different kind so that, after all, it might be very difficult to say on which side there was the greatest amount of happiness or misery. The fact is, that men and women are susceptible of only a given amount of contentment and happiness, in any condition of life; and marry whom they will, they can never exceed their capacity for enjoyment. Many people are foolish enough to imagine that marriage is the sovereign cure for all the disquietudes and miseries of life; and when they get married, and yet find that their favorite panacea does not work perfectly, they jump to the conclusion that it is because their marriage is not a true one, that it was ill assorted, and therefore an unhappy one; whereas, the only trouble is, that both husband and wife are human—neither divine nor angelic—and have, like all other human beings, more or less of sinful infirmity about them.

SWEEPING THE OCEAN BOTTOM.—Science is busily at work exploring air, earth, and sea. During the past summer and autumn an English expedition has made many remarkable discoveries in dredging the bed of the sea from the Bay of Biscay to the Faroe Islands, from a depth of a few fathoms near the shore, to nearly three miles out at sea. It is ascertained that there is a stratum of warm water from 150 fathoms upwards, a stratum of ice cold water from 300 fathoms downwards, and a stratum of intermediate between the two. It was formerly supposed that no animal could exist lower than 300 fathoms, but various forms of animal life have been brought up from the profoundest depths of the ocean many species having been found altogether new to science.—Some of the animals brought up from a depth of 1,270 fathoms, or nearly a mile and a half, had perfect eyes, while the color of their shells indicated the influence of light.

ALFRED WILLIAMS,

dec 22-tf Opposite the National Bank.

A PROCLAMATION,

By His Excellency, the Governor of North Carolina.

EXECUTIVE DEPARTMENT, Raleigh, March 7, 1870.

By virtue of authority vested in me by the Constitution of the State, and by virtue of an act passed at the present session of the General Assembly, entitled "An act to secure the better protection of life and property," ratified the 28th day of January, 1870, and for the reason that the civil authorities of the county of Alamance are not able to protect the citizens of said county in the enjoyment of life and property, I hereby proclaim and declare that the county of Alamance is in a state of insurrection.

On the 26th of November 1869, a citizen of the United States, who was engaged in teaching a school in said county, was taken from his house by a band of men armed and disguised, and was, by them, cruelly beaten and scourged.

On the night of the 26th of February, 1870 a citizen of said county was taken from his house by a band of men, armed and disguised, and was, by them, hanged by the neck until he was dead on the Public square in the town of Graham, near the Court House. And more recently the Farmville & Company Shops, in said county, an officer of the Government of the United states was compelled to flee the county for protection, and while absent, a band of men armed and disguised visited his home with the purpose, doubtless, of taking his life; and this within a short distance of Federal troops stationed in said county, not to overawe or intimidate good citizens, but to preserve the peace and to protect the innocent and the law-abiding. In addition to these cases, information has been received at the department that peaceable and law-abiding citizens of the county aforesaid have been molested in their homes, have been whipped, shot, scourged, and threatened with further visitations of violence and outrage unless they would conform to some arbitrary standard of conduct set up by these disguised assassins and murderers.

I have issued proclamation after proclamation to the people of the State, warning all rebels and wicked or misguided violators of the law to cease their evil deeds, and, by leading better lives, propitiate those whose duty it is to enforce the law. I have invoked public opinion to aid me in repressing these outrages and in preserving peace and order. I have waited to see if the people of Alamance would denounce in public meeting and express their condemnation of such conduct by a portion of the citizens of the county, but I have waited in vain. No meeting of the kind has been held. No expression of disapproval even, of such conduct by the great body of the citizens has yet reached this department; but on the contrary it is believed that the lives of citizens who have reported these crimes to the Executive have been thereby endangered, and it is further believed that many of the citizens of the county are so terrified that they do not consider it safe to express their sorrow made in their midst. The civil officers of the county are silent and powerless.

The laws must be maintained. These laws are over all. Every citizen, of whatsoever party or color, must be absolutely free to express his political opinions, and must be safe in his own house. These outrages and these violations of law must and shall cease. Criminals must and shall be brought to justice. The power of the whole of both governments, State and Federal, is pledged to this and the power will be exerted. Criminals who may escape counties adjoining Alamance will be pursued, and if not delivered up by the civil authorities of said counties, or if sheltered or protected in said counties, with the knowledge of the civil authorities, the said counties will also be declared to be in a state of insurrection.

I earnestly appeal to all good citizens to aid the civil authorities in maintaining law and good order, and to support me in my purpose to protect life and property without regard to party or color.

Done at the city of Raleigh this the 7th day of March, 1870, and in the 94th year of our Independence.

W. W. HOLDEN.

By the Governor:

W. E. RICHARDS, Private Secretary.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and unobjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in recommending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

AT HOME AGAIN.

After an absence of ten days we are at home again, arriving just in time to see Littlefield discharge the Committee of the Whole, and to find ourself advertised in the *Standard* as an "absconder," and afraid to meet Littlefield. But Littlefield was here before we left, and when we got in, on Thursday night, we met this amiable embodiment of honesty, the Governor's Rail road President and late State Printer, at the Depot. We passed each other without either a fight or words. Littlefield knows we have never *done him any injustice*.

Tim Lee and other friends of his were there to take leave of him and Pike. The Governor was not along, as he was never known to stick by a sinking ship.

Our recent trip was to Surry county, and, for the benefit of Dr. Yates, we will mention that we went by special invitation, and never before did a stranger meet with a warmer welcome. We were not allowed to pay any hotel bills or stage fair. We spoke at Mount Airy on Saturday, to a large concourse of people from three or four surrounding counties and Virginia.

Jim Tucker was the only man in Surry that we heard of, as Dr. Yates is the only one in Mecklenburg, who was displeased with our unqualified denunciation of the roguish officials who have disgraced the State and ruined her credit. Jim is the tallest man in his county, and, like Dr. Yates, would bear only about half of our speech. He did not "laugh" like the Doctor did, but "cussed" like the Governor did before the Chief Justice. His last words, as he walked off, were, "d—n him, if I bet my way I would hang him."

We had a slight curiosity to know something of this Jim Tucker's antecedents, and, on inquiry, found that he was one of Holden's and Dr. Yate's disciples; was educated by them in the doctrine of secession; was a Confederate soldier in the late war, and made a good fight at Bull Gap. While the Yankees were running, Jim stood by his big gun, cursing them and crying out, "Look boys! aint this fun! see how the d—d rascals run!"

We were astonished that Jim should be offended at our denunciation of rogues, but the following incident throws some light on the subject. When Judge Baily rode that circuit, Jim was up before the Court in some case, when his character was questioned, and two respectable gentlemen, Byrd Snow and James Nashon, were called on to testify as to what his character was. "Bad," was the answer. "Bad for what?" asked the Judge. "Bad for stealing hogs and sheep, and bad for truth and honesty generally." Upon hearing this, we could account for Jim's disrelish of our denunciation of rogues and rascals.

We mention this little episode, not as comparing Dr. Yates to Jim Tucker, but to show the former the remarkable coincidence of opinion between them in regard to our speeches. Jim thought us personal, the Doctor feared some injury to his and Holden's third party.

Mount Airy is a considerable horse market; we saw finer horses in Surry than we have seen in any other County in the State. There are in the village, six stores, two of which would compare favorably with the new stores in this city. The merchants doing business here are Brower & Rawley, (who have a large brick store, eighty feet deep, with granite front,) J. W. Shepherd, Taylor & Davis; W. M. Banner & Bro., R. S. Gilmer & Son; Wood & Hill, and Brower & Bro. There are also here two cotton factories, owned by Gilmer & Moore and by Brower & Brothers.

There is one carriage factory, and several wagon shops, cabinet shops, &c., a few only of which we had time to visit.

Such a community as this could not be indifferent on the subject of education.—They maintain two flourishing schools, one male, under the care of Rev. M. L Wood, former missionary to China, and a female school in charge of Misses Rankin and Rawley. Miss Rankin is a graduate of Edgeworth Female Seminary, and is successful as a teacher. We spent a pleasant hour at the Seminary by invitation from Miss Rawley. We made the acquaintance of the teachers and the young ladies, took tea with them and, for a while, amid sweet songs, merry prattle, and innocent mirth, forgot we had to ride on horse-back all night to reach Salem for the morrow's stage.

We spoke at Dobson on Tuesday, where we had listeners from eight counties. We talked longer than usual because the people were more attentive than usual. Judge Cloud, the able bodied Jurist, presided at the Court. Graves, Gilmer, Scales, Dobson, Masten, Joyce and Waugh, made up the Bar. I would add much to the dignity of Surry Court, if Jo Dobson would advise the Judge not to eat apples on the Bench or chew his cud and spit all round him.

If Jo. afraid of a rule for contempt, hesitates to tell his Honor, then we call on Dick Reaves to do it. Dick might also tell him, if he will take apples into Court, to carry them in his coat and not his breeches pockets. If the Judge should feel so kindly to give one away, any gentleman of the county except, perhaps, Jim Tucker, would prefer to eat it out of his coat pocket.

The Judge still wears old Frank Blair's gold spectacles, which he had on when he tried "Hon." Billy Henderson for stealing Darr's mule.

Tom Roberts, a Confederate soldier, presented them to the Judge. By the by it may be a reflection on Tom to make this statement without a little addenda. The spectacles were presented before Holden converted Cloud, and before Starbuck resigned, and after Judge Cloud had made speeches, declaring that the woods should be fired to run out the deserters. It was after his speech, in which, pointing to oak trees, he said to the Union men of Surry, "here are trees upon which tories were hung during the revolution. I trust in God we will not have to hang men on the same trees as traitors to the Southern cause." After Judge Cloud's conversion we think he should have returned the spectacles to Tom Roberts.

Judge Cloud sustains his character of "able-bodied," as Judge Watts does his of "greasy Sam." On Saturday, as he journeyed from Salem to Dobson, his carriage broke flat down. About Christmas last His Honor's Judicial ponderosity broke the axle of the stage; he was then put in a wagon, from which he fell in the mud.

There was no bell to ring or even horn to blow, when Court was opened in Surry. We authorized Jo. Dobson to tender a horn to the Judge, not such as Governor Holden takes at Pepper's, but such as Lougee makes of tin.

The best feeling prevails among our friends of the West. The Republicans are scattered and demoralized, as badly as they are in the Legislature.

We have much more to say of what we heard and saw, especially about the stage line from Salem to Wytheville, of which we will speak hereafter.

SEC. 4. That upon the acceptance of this act by the Wilmington Charlotte and Rutherford Railroad Company within ninety days after its ratification, it shall become a part of the Charter of said Company. *Provided*, That nothing in this section shall be construed to prevent the Public Treasurer, upon the surrender to him of five hundred thousand dollars of State bonds, from delivering the bonds of the Company now in the Treasury, as is provided in section one of this act, and he is hereby instructed and required to make said delivery immediately after the ratification of this act.

SEC. 5 That all laws and parts of laws coming in conflict with this act are hereby repealed and this act shall be in force from the date of its ratification.

This bill was discussed at length, and warmly pursued by Messrs. Sweet, Cook and Lassiter.

Messrs. Jones of Mecklenburg and Graham, advocated its passage.

Mr. Sweet moved to amend the bill by striking out the 1st section, which was voted down.

AYES.—Messrs. Brogden, Burns, Colgrove, Cook, Fiythe, Hyman, col., Lassiter, Lindsay, Long, Moore of Carteret, Robbins, Stephens, Sweet and White—14.

NAYS.—Messrs. Bellamy, Brogden, Colgrove, Cook, Fiythe, Hyman, col., Lassiter, Lindsay, Long, Moore of Carteret, Robbins, Sweet, Welker and White.—14.

Mr. Lassiter offered the following amendment, to-wit:

Provided. The Governor with the advice of the Council of State be and he is hereby authorized to bid for said Wilmington Charlotte and Rutherford Rail Road, if and when sold, to close, or upon the choice of any mortgage to the amount of the States interest in said Road.

Provided further. That the Representation of the States interest shall be represented in the number of Directors that now exist.

Mr. Graham called the previous question, which was sustained, and the amendment of Mr. Lassiter was voted down.

The bill passed it final reading as it came from the House by the following vote:

YEAS.—Messrs. Beall, Beeman, Bellamy, Burns, Blythe, Davis, Eppes (col.) Forkner, Galloway (col.) Graham, Hayes, Hyman (col.) Mr. Cook moved to adjourn, which was voted down.

NOTE.—Proceedings of an interesting character will be continued and published to-morrow as we have no space for them to-day.

HOUSE OF REPRESENTATIVES.

FRIDAY, March 11, 1870.

The House was called to order at the usual hour.

Leave of absence was granted to Messrs. Kinney, Clayton and French.

Mr. Graham, for Committee on Internal Improvements, reported favorably upon the bill incorporating the Western Central Railroad Company, the bill was placed upon the Calendar.

On motion of Mr. Gunter, the rules were suspended, and the bill extending the corporate limits of Fittsboro, Chatham county, was taken up, amended, and passed its several readings.

Mr. Vestal moved to suspend the rules and take up the bill concerning the election and registration in the year 1870.

Mr. Vestal spoke in support of his motion remarks of some length.

During his remarks, he said that this was one of the most important bills of the session, and until it was passed, no certain day for adjournment could be fixed.

Harris, of Wake, colored, opposed the motion.

Mr. French raised the point of order, that before the motion to suspend the rules could be put, a motion must be made to postpone the unfinished business (Revenue bill) and of that motion was made, he would move to amend by postponing the Revenue bill until the next session of the Legislature.

The Chair sustained the point, saying that the only motion competent was a motion to postpone the unfinished business.

Mr. Argo moved to postpone the unfinished business and take up the bill concerning elections and registration in the year 1870.

Mr. French opposed the postponement of the revenue bill, saying that it was the intention of certain gentlemen to leave after the passage of the election bill and thus leaving the House without a quorum, defeating the passage of other important bills.

Mr. Argo replied that it was a notorious fact that a considerable faction of the Republican party in this House were opposed to an election next August, and that they intended to abscond after the passage of the revenue bill, defeat the passage of the election bill by leaving the House without a quorum. Some Republicans here say that they are in favor of an election, now he wished to test their sincerity, &c.

After some further debate, Mr. Argo's motion was put to a vote and rejected by the following ballot:

YEAS.—Messrs. Argo, Armstrong, Barnes, Boddie, Clayton, Davis, Durham, Farrow, Ferebee, Gibson, Green, Grier, Gunter, Harris, of Franklin, Hawkins Hendricks, Hicks, Hodnett, Humphries, Jarvis, Kelly, of Davie, Malone, McMillan, Nicholson, Painter, Proffitt, Robinson, Shaver, Smith, of Alleghany, Strudwick, Thompson, Vestal, Welch, Whitley, and Williams, of Sampson.—yeas 35.

NAYS.—Messrs. Ames, Ashworth, Banner, Candler, Carson, Carey, Cherry, Crawford, Dixon, Downing, Eagles, Forkner, Foster, Franklin, French, Gahagan, Gilbert, Harris, of Wake, Hilliard, Hodgin, Horney, Hudgings, Ingram, Justus, of Henderson, Kelly, of Moore, Kinney, Lafin, Leary, Long, of Chatham, Long, of Richmond, Mayo, McCanless, Moore, of Chowan, Morrill, Morris, Pearson, Price, Proctor, Rayland, Renfrow, Robbins, Reynolds, Seymour, Sinclair, Simonds, Smith, of Martin, Solper, Stanton, Stevens, Stilley, Sweat, Sykes, Vest, Waldrop, Wilkie and Wilson.—nays 56.

By Mr. Stilley: A bill authorizing the sale of certain lands. Referred.

(This bill authorizes the Board of Education, to sell lands held by the said Board in the Counties of Hyde, Tyrrell and Washington for the sum of $30,000.)

UNFINISHED BUSINESS.

Bill to be entitled an act to raise revenue. The discussion by sections was resumed and continued up to adjournment.

From the Savannah (Ga.) *News*, 8th inst.

THE REED AND LITTLEFIELD CAR PET-BAG BONDS OF FLORIDA.

It as a notorious fact that the carpet bag plunderers of Florida have, by means of bribing the mongrel Legislature of that State, succeeded in getting laws enacted authorizing the issue, under one pretence and another, of an immense amount of State bonds—estimated from ten to fourteen millions of dollars. We are not sufficiently familiar with the extraordinary carpet bag legislation of our sister State, to be able to classify her bonds, and to determine what proportion of them are already in the market, what amount are yet to be issued, and what amount are to be thimble-rigged through the forms of exchange for first mortgage bonds on imaginary railroads yet to be built. We however have it from the most reliable authority that bonds have been and are to be issued, enough to bankrupt the State. It is also currently reported that these bonds are controlled by a certain corrupt ring of adventurers of which Reed the Governor—whose recent escape from impeachment is not generally attributed to his innocence of the offence charged against him—and a certain ubiquitous individual by the name of Littlefield, are said to be the principals. Noticing a few days since in the Radical organ, the Tallahassee *Sentinel*, the announcement that Governor Reed had "gone to New York on important State financial business, in obedience to the instructions of some of the recent acts of the Legislature," coupled with the hope by this editor "we may expect soon to hear what disposition can be made of our State bonds," with the assurance to his readers that "such arrangements will be made as will be consistent with the State credit and interest," we expressed the opinion that if a disposition was made of them "consistent with the State credit," they would sell "at a very low figure," intimating our belief at the same time that the bonds were "worth no more in the money market than the paper they were printed on."

The *Sentinel*, of Saturday, assumes to put us right on this carpet-bag bond question. The editor says:

"If the *News* had cared to know what it was talking about, a causual inspection of the Railroad bill would have prevented its making so foolish a blunder as to suppose that Governor Reed was authorized to negotiate for the sale of the "Railroad bonds recently issued." The bill authorizing the issue of these bonds makes it the duty of the Governor simply to exchange State bonds for the same amount of first mortgage bonds on a portion of the road already built, and on sections of twenty miles of the road west from Quincy not yet built, *but only to be issued as the road is completed*. No bonds are yet issued, and some time must necessarily elapse before they can be. When issued, the State will be amply secured by the lien on the road, and there need be no fear that they will have to be disposed of "at a very low figure."

Well, we don't see that that sort of thimble rigging process betters the case. It matters very little to the people of Florida what Gov. REED swaps the bonds of the State for—whether he exchanges them for first mortgage bonds of the bogus railroad corporations chartered by the Legislature, or for tickets in the Okewhegan Gift Enterprise. The idea is to get the bonds of Florida on the market at some price—whatever that may be will be so much clear gain to the ring. The truth is, the bonds of the State are about as valuable as those of the newly chartered railroads, with the exception that the faith of the people of Florida is falsely pledged for the redemption of the former. The ring has rather overdone the railroad business in Florida, on paper. Railroads must not only be built but must have business to enable them to pay dividends and interest on bonds, and if Gov. REED can convince the shrewd men in New York that the railroads projected in his State will pay the interest on ten to fifteen millions of bonds in the course of the present and the next century, then he will strike a greener financial circle than we have yet heard of in Gotham. There will, perhaps, be no great trouble in swapping State for first mortgage Railroad bonds, so long as no money changes hands, but beyond such an exchange or valueless paper, we think the Governor's financial mission will prove a failure.

The following article on this subject from the Gainesville (Florida) *New Era*, will not be apt to help his carpet-bagger-ship's financial negotiations.

"TALL LEGISLATION.—A neutral paper, published in the State, announces that the Legislature just adjourned, granted during the session *fourteen* railroad charters, and an equal number to Improvement and Navigation Companies. The various privileges demand State aid to the amount of *fourteen millions of dollars in bonds and a subsidy of nearly six millions of acres of the State lands*. With what a royal indifference to pecuniary matters has this corrupt body voted away the wealth of the State, and entailed a never-ending servitude upon its citizens! The sero-comic gravity of this horde of Yankee adventurers and ignorant negroes, known as the Florida Legislature, in the passage of these various bills, has in it so much of the ridiculous as to excite our contempt and laughter, rather than our alarm. Let them issue their bonds—THEY WILL NEVER BE REDEEMED. The engravers may be benefitted, but not the holders. If there are found capitalists silly enough to invest in such trash, why they will only be derided for their folly. Their pretty little pieces of paper will be constant reminders of mistaken confidence. We charge the Radical party with having done more by their wild and absurd legislation *to retard immigration and damage the credit of the State* than they can ever hope to undo. Vile, corrupt and mad as have been the proceedings of the Radical Legislatures of the reconstructed States, that lately assembled at Tallahassee has surpassed them all in the boldness of its schemes of plunder—in its utter shamelessness—in its contempt for law and decency, and in the unabashed venality and glaring rascality of the majority of its members."

[Correspondence of Savannah Republican.]

NINETEEN GRAND JURORS SENTENCED TO PRISON IN GEORGIA.

BRUNSWICK, Feb. 11, 1870.

On Tuesday last, the Grand Jury of Glynn County, in their general presentments read in Court, censured Judge Sessions for his action, in bailing a criminal convicted of assault with intent to murder, and against whom an indictment was then standing for murder in the first degree.—The Judge was highly indignant at the time, but dismissed the jury for the balance of the term. Subsequently, *in chambers*, he ordered a fine of twenty five dollars against each juror, or twenty-five days in jail, for contempt. The jury have refused to pay the fine, and say they feel they have done but their duty, and have resolved to go to jail in a body. There being no jail in Brunswick, the Sheriff will bring them to Savannah. It is their intention to sue out a writ of *habeas corpus* before Judge Schley upon their arrival at Savannah.

A bitter feeling against Judge Sessions prevails extensively among the citizens here. Their trip to the Nick King's won't to-day will be a grand ovation. The citizens will turn out *en masse* to escort them. The people regard them almost as martyrs. They honor them as bold and fearless in the discharge of their duty, and as men who do their duty if they have to reproach the ermine of the judiciary.

Comment unnecessary. God grant us many samples of such independent, fearless yeoman Grand Jurors!

Pianos for Sale! Pianos for Sale.

MR. WILLIAM H. VAUGHAN, WELL known in our community as a Musician and Piano Tuner, is now appointed Agent for those splendid, seven Octave, fine Rose Wood Pianos, built by C. M. Tremaine & Bro. These Pianos will be warranted for six years, and Mr. Vaughan is here ready to keep the instrument in perfect tune, if it should need it. He has at this time one of the Pianos at his residence, on Cabarrus street, a little East of the N. C. R. R. Depot, and would be glad to show it to any one who will call to see it.

These instruments took the premium at the Virginia State Fair, and without doubt are the best and cheapest instruments in the North or South.

Old Pianos taken in exchange for new ones, at a fair price. As I am confident that I can sell cheaper than anybody else, I beg of my own people in the state to give me a call before purchasing elsewhere.

Piano tuning and Repairing done at shortest notice. I can make an old Piano as good almost as new, for a very low sum.

H. Leberman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the produce much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer.

New Ads.—W. C. Stronach & Co., have "a heap" of things "good to eat," read the advertisement and see for yourself.

We forgot to mention that A. D. Taylor has some of those nice Hechler sausage coming, and which will be in this morning.

Out for Sheriff.—See card of S. P. Gill, Esq., in another column.

Harp's Carriages.—While we were out yesterday for the purpose of interviewing Wynne & Co.'s new Livery Stables, we stepped in, next door, to Harp's Carriage and Buggy Factory. He has several fine vehicles on hand, finished ready for the road, and a large number of others in various stages towards completion. We forget the names of the different styles, but we cannot forget the styles themselves, nor the workmanship and finish; and we are free to declare that we have never, in this nor in any other section of the country, seen more beautiful, convenient and substantial buggies, wagons &c., than can be found in Harp's show rooms.

Any one in want of a faithfully constructed, conveniently arranged and beautifully finished pleasure carriage of any kind, would do well to give Harp a call and examine his stock.

Bank of Raleigh.—We have on our table a copy of the charter of the "Bank of Raleigh," ratified by the present General Assembly, on the first day of the present month, by which C. B. Harrison, Wm. Grimes, George Little, P. B. Hawkins, D. M. Barringer, W. D. Jones, A. T. Mial, J. W. R. Watson, S. H. Rogers, J. D. Canady, D. G. Fowle, W. H. Crow, W. H. Jones and W. N. H. Smith, and their associates and successors are incorporated as a banking Company, with a capital stock not to exceed one million dollars.

The organization of this Company is, for the purpose of banking on National currency, and the charter being a very liberal one, we have no doubt that from this fact and the high character of the incorporators, sufficient stock will soon be taken to put the bank in operation.

A notice in another column gives the times and places for opening books of subscription to the stock, and we suppose the incorporators will take the necessary measures to let the provisions of the charter be known to all who may desire to become Stockholders. Copies of the charter can be obtained, we presume, of the gentlemen appointed to supervise the subscription of Stock at the places mentioned in the advertisement.

One by One.—The Mount Airy *News* says that John Crane, Revenue Collector for the 5th district, who resigned recently, was in arrears to the Government $10,000. He is another happy specimen of carpet bag office-holders in this State. So they go; one by one—one by one.

The *Standard* recently gave an account of "an outrage in Rowan county," of a man named Allen, who with his son, both armed, made a seeming attempt to kill a man named Heilig, and another named Bringle, and left the impression that it was a sort of ku klux outrage. The *Old North State* says, the parties were all Radicals, and that politics had nothing to do with the affair.

Dr. Pritchard's Second Lecture.—The Wilmington papers speak in eulogistic terms of Dr. Pritchard's second Lecture in that city, on "the characteristics of Infidelity," which was delivered on Wednesday night.

Carlotta Patti gives one musical entertainment in Wilmington, to come off next Thursday night. Some hopes are entertained of inducing this "Queen of the Concert Room," to give Raleigh a passing visit.

Matricide.—We learn from the *Old North State* that Rufus J. Rhymer of Rowan, a young man about 22 years old, murdered his mother, by beating out her brains with a stone, on Saturday last. He is supposed to be crazy. He has been committed to prison.

City Clock.—They are getting up money by private subscription in Wilmington to buy a city clock. We do differently, if not better, here; we issue bonds.

Just Out.—*Cherry Pectoral Troches*, superior to all others, for Colds, Coughs, Sore Throats, Bronchitis and Hoarseness. None so pleasant, none cure so quick.

PROPOSED MUSICAL CONVENTION.

It has for some time been thought advisable that the musical talent of the State, amateur as well as professional, should form an Association, based upon broad and comprehensive principles, having for its object the diffusion of musical knowledge in all its departments, vocal and instrumental, theoretical and practical, sacred and secular.

Feeling the necessity of such an organization, members of the several Choirs of this City, have resolved to call a Musical Convention to assemble in Raleigh on Tuesday evening, March 22nd, 1870, at 8 o'clock, P. M. The Convention will continue in session four days, holding afternoon and night sessions. Professional and amateur musicians, and all who feel an interest in promoting the cultivation of vocal and instrumental music, are invited to attend the Convention and participate in the exercises.

The exercises will consist of the study and practice of Psalmody or Church Music, Anthems, Glees, Choruses, &c. Some time will be given to the study of Vocal culture, and the use of the voice in singing, and practice in Articulation, Pronunciation, and whatever pertains to the proper rendering of Vocal Music.

It is contemplated to close the session of the Convention with a Concert of Vocal and Instrumental Music, to be given by members of the Convention.

The services of Prof. Chester G. Allen, of New York City have been secured as Musical Director. Messrs. Biglow & Main, successors to the late Wm. B. Bradbury, have kindly consented to furnish the necessary Books and Music for the use of the Convention, free of charge.

Arrangements will be made with the Hotels and Boarding Houses to accommodate Delegates, at reduced rates; also, with the Railroad Companies, for half-fare Tickets.

Wm. S. Primrose,	Presbyterian Choir.
Wm Hal. Harrison,	Episcopal "
W. J. Young,	Methodist "
W. J. Palmer,	Baptist "

All persons who design attending the Convention will please notify the undersigned immediately, as he has been appointed to conduct the correspondence in behalf of the several Choirs in the City.

J. A. JONES, Raleigh, N. C.

Scene on Fayetteville Street.—We were amused, a day or two ago, at seeing a Radical member of the Legislature, passing along Fayetteville street, in the vicinity of "Push," with a little darkey trudging after him, and calling out, "Mister! Mister! say, pay me that ten cents you owe me!"

Member—"Go 'way, you little devil, you; I aint got no change."

Juvenile darkey. "Yes you is; yes you is, case you jes come outen dar, whar you got a drink, an' I seed 'em gib you some change."

We passed on, but until out of hearing we could distinctly hear the half pleadidg, half demanding voice of the young "fifteenth amendment" calling upon his Legislative debtor for "dat ar ten cents."

Changed Again.—We are happy to announce that there has been another change in the proprietorship of the *Standard* newspaper of this city—the concern having passed into the *same hands*.

No editor is announced yet, but will be in a short time. Whoever he may be he ought to command a higher salary than that of Code Commissioner, for he will have an uphill road to travel. From Holden to N. Paige & Co., thence to J. B Neathery & Co., thence to Littlefield & Co., thence to Wm. A. Smith & Co. It don't seem to stick well, lately.

Kicked by their own Ass.—Yesterday morning's *Standard* contains the valedictories of the late proprietor, Littlefield, and editor Pike. In the last editorial they published, before taking the train to some more congenial locality, we find the paragraphs below, which, though containing more truth than has ever appeared in that mendacious sheet, in twice the space, must, nevertheless make the Governor and the Judges and Legislators, as well as Radical politicians generally, feel, as a Radical Senator lately expressed it, like "being kicked by their own ass." Here are the extracts alluded to:

"The past three years has been an age of small men. The demagogue, the noisy pot-house politician, the sidewalk orator are the men who have controlled the politics of our State, and forced talent to submit to rant and egotism.

It is time for this to cease, if the Republican party expects a permanent position in North Carolina. The leaders of the party must really be its leaders, and must be men of character, and of firmness sufficient to control the unruly elements. The rank and file must be made to understand that mere personal considerations must be made secondary to the good of the party. In short there must be *discipline*."

Horse Stealing.—Last Wednesday night Mr. T. J. Lee of Buncombe county, had two horses stolen from him. He tracked them over Hickory Nut Gap, down Broad River, to within some eight or ten miles of Rutherfordton, where he found them concealed in the woods. Two men, supposed to be the thieves, were arrested.

A Wrong Impression Corrected.

Many persons believe that there is no value in anything that does not come from "the North." How humiliating! However, this impression is being gradually corrected. It is now admitted that no remedial Agent has ever been discovered, North or South, that possesses, in so eminent a degree, the power of eradicating from the system all foul distemper, as DR. TUTT'S SARSAPARILLA AND QUEEN'S DELIGHT. The secret is, *it assists nature to do this through its own channels*. It is composed of vegetable substances alone, every one of which grows on Southern soil. It is the BLOOD PURIFIER OF THE AGE.

Thursday Night Dispatches.

WASHINGTON.

Washington, March 10.—The caucus are to equally divided that both parties are afraid to send for a vote on Bingham's amendment to the Georgia bill. A motion to adjourn to-morrow was defeated. A motion to adjourn to this evening was also defeated, when a motion to adjourn sine die was carried.

A close poll of the Senate shows that there are ten majority for Bingham's amendment and unless another caucus is called, the adoption of the bill as it came from the House is regarded certain.

The feeling in the caucus is quite bitter and should another caucus be called it is quite likely that the friends of Bingham's amendment will remain away.

House.—The Air Line Road has been postponed until Monday.

The bill reducing the number of Army officers was resumed, and, after various amendments passed. It consists of fifteen sections.

Revenue to-day $850,000.

No Southern nominations to-day.

The negro delegation from Tennessee called on the President with a memorial for protection against outlaws; six Congressmen accompanied them.

Senate.—A petition from the citizens of Mississippi, for the abolition of the franking privilege, was presented.

Official documents from Gen. Reynolds, announcing the adoption of the amendments by Texas, was laid before the senate.

The funding bill was resumed.

A New Discovery!!
Phalon's
"Vitalia;"
or,
Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

Phalon's "Vitalia" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, impairs no stain to the skin. Hold it to the light and it is clear and colorless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

The Vitalia is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

Pratt's "Astral" Oil.

UNLIKE MANY OTHER ILLUMINATING Oils, is perfectly pure, and free from all admixture or mixture of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same safety as gas. Chemists pronounce it the best and safest Illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use, except where filled with it, if upset and broken, will not explode. To prevent adulteration, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon, and 5 gallon each, and each can is sealed in a manner that cannot be counterfeited. Every package with proof seal no warrant. Buy none and get none but the genuine article, Pratt's "Astra." Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors.

No Life Insurance Company in the United States offers superior advantages for insurance or investment, than the St. Louis Mutual. It is managed by gentlemen of the highest capacity and standing and it enjoys the largest confidence of those acquainted with Insurance Companies.

Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly and its investments are made on the most solid basis, being principally in improved real estate worth twice the amount invested, paying ten per cent per annum.

All its Policies are non-forfeitable and all participate in profits from the beginning.

Dividends declared and applied annually to policy holders on the contribution plan.

The Company is strictly Mutual, and the profits of its business are paid not to stockholders but to its policy holders.

An equitable surrender value paid to all who through misfortune are unable to keep up their policies.

IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of Life Insurance, presenting advantages not offered by any other Company, note the following points.

1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expenses to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,94
JOHN HANCOCK,	18,27
THE NATIONAL,	66,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It insured more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 569 policies, received an income of seventy-eight thousand dollars, and possessed nett assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,537 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
